

PREVENT INFECTION

Prevent the introduction of COVID-19 to our workplace and community.

- International and interstate health screening
- Symptom checklist
- Health questionnaire
- Thermographic cameras
- Random health checks
- Flu vaccination program

PHYSICAL DISTANCING

Avoid close contact situations or implement additional controls.

- Visible distancing markers
- Limited room capacity
- Limited elevator capacity
- Limited personnel on bus transport to/from site
- Additional bus transport to/from site
- Additional temporary demountable buildings
- COVID-19 control observers

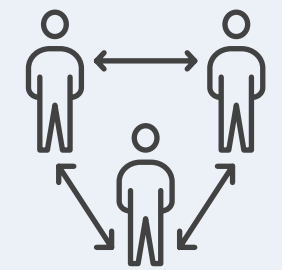

HYGIENE CONTROLS

Prevent the spread of infection.

- Hand washing
- Additional cleaning
- Specific COVID-19 cleaners
- Cleaning record keeping
- Disinfectant and disposable wipes in meeting rooms
- Hand sanitiser stations

CONTACT TRACING

Support contact tracing if required.

- Cameras on buses
- Swipe card access
- Sign on / Sign off work permits
