

BENEFITS OF COMPLETING AN APPRENTICESHIP OR TRAINEESHIP WITH STANWELL

With a proud history of providing world-class resources for people to progress their careers, Stanwell provides a strong learning ground for apprentices and trainees to charge forward in a new career. Over the period of a Stanwell apprenticeship or traineeship, our apprentices and trainees will be provided with structured opportunities to develop their skills in-line with industry training standards.

1

Earn money while you learn from our highly experienced mentors, tradespeople and site representatives.

2

Finish with a nationally recognised qualification that could kick-start your career.

3

Join an organisation that values your health and wellbeing and promotes a work-life balance.

4

Be part of real projects and make a meaningful contribution to our business.

5

Learn and develop in an organisation that wants to see you grow as much as you can throughout the program.

6

Enter into an exciting industry that is constantly evolving.

7

Feel supported in an environment that values the diversity you bring.

8

Be part of the future of electricity generation!
